

2021 Lantern Ceremony

The end of the year is a time for reflection and release. As healthcare professionals, we see the best and worst life has to offer.

Join us as we let go of 2021. Let us remember those who have passed through our care, the lives we have lost, and the lives we have touched. We continue to face challenges head-on. Together, we are a great team and can make remarkable things happen!

When: December 29, 2021, at 5 p.m.

Where: Pedestrian bridge behind Riverside Medical Center

We hope you can join us for a floating lantern release in remembrance of our patients, employees, and families.

Music will be provided by the Reddy family.
