

MEMO

TO: Riverside Healthcare RNs and APRNs
FROM: Human Resources Department
DATE: April 18, 2022
SUBJECT: RN and APRN License Renewals

The Illinois Department of Financial and Professional Regulation (IDFPR) has not yet opened the renewal process for Registered Nurses and Advanced Practice Nurses (including FP-APRNs), but they have released an update (linked below) that the deadline to renew has been extended to **August 31, 2022** and **the renewal fee will be waived** if renewing by that date. IDFPR has also informed employers that they will not offer the e-batch renewal for this year meaning that Riverside will not be able to submit the renewal on your behalf.

In order to receive an email from IDFPR when the renewal period officially opens along with renewal instructions, please update your email address by visiting the following website:

<https://online-dfpr.micropact.com/>

Human Resources will continue to monitor the IDFPR website and once the renewal process is open, we will send out additional communication.
