Trillian now has the ability to do **voice** & **video** calling, as well as **screen sharing**, with another Trillian user. See the screenshots below on how to utilize the new features

Voice/Video calling:

 Select a Trillian contact you would like to call→In the Chat Window select either the phone icon or camera icon highlighted in red to start a call (see image below)

		- 🗆 X
	Brendan Wood x36006 Away from Trillian I NETWORK ANALYST I INFORMATION SECURITY AND TECHNOLOGY	
	Brendan Wood	
	luly 22	
	50iy 22	
	a (possesses)	
9	o, (Write a message	۲

• Once you have initiated the call, a new call pop-up will appear at the bottom of your screen (see image below)

Screen Sharing:

- In order to screen share with someone, you need to start a voice or video call with them, first.
- Once you are in the call, click the up-arrow icon in the bottom left to start Screen Share (see image below)

• The Screen Share features offers you the ability to either share your full monitor or you can click and drag a smaller portion of your screen that you would like to share (see image below)

• Please always leave a 1-5 star review at the end of every call. This will help us improve your experience!

<u>,</u> 9	How was your call? Please take a moment to let us know how call went. Thanks!	v your	×
